- ▶ Easy and safe to use. The two handed control system and guard design enhances safety.
- ▶ Comprehensive operator manual stored in weatherproof canister on the machine.
- ▶ Two year warranty.
- ▶ Reliable and fuel efficient Honda GX270 9HP engine.
- ▶ Potential output – 4 cubic meters per hour.
- ▶ Hire fit out is fitted standard on all NZ machines and includes the following:
 - Galvanised frame
 - Mudguards
 - Jockey wheel
 - Tow coupling
 - VIN plate

WS150 FEATURES

SETTING NEW STANDARDS IN FIREWOOD SPLITTERS

Suited to domestic, semi-commercial and hire applications, the WS150 represents excellent value for money. The frame and wheels are smaller than the WS3150 – but the blade still packs a 21 ton punch!

LITTERS

▶ The Superaxe range of wood splitters are the most efficient & productive machines on the market. As part of a hire inventory, Superaxe will deliver a superior return on investment and keep your customers safe and completely satisfied.

COMMON FEATURES

BOTH THE WS150 MODEL, AND THE LARGER WS3150 FEATURE THE FOLLOWING

Back Saving Log Lifter
150 Model: Cable & Pulley
3150 Model: Hydraulic

Patented Vertical Splitting Action Blade 21 Tons Force

Genuine Honda GX270 9HP Engine

Galvanised Frame
A durable, anti-corrosive finish that will withstand the rigours of the harsh NZ coastal climate

Guards and Two Handed Controls
For enhanced safety

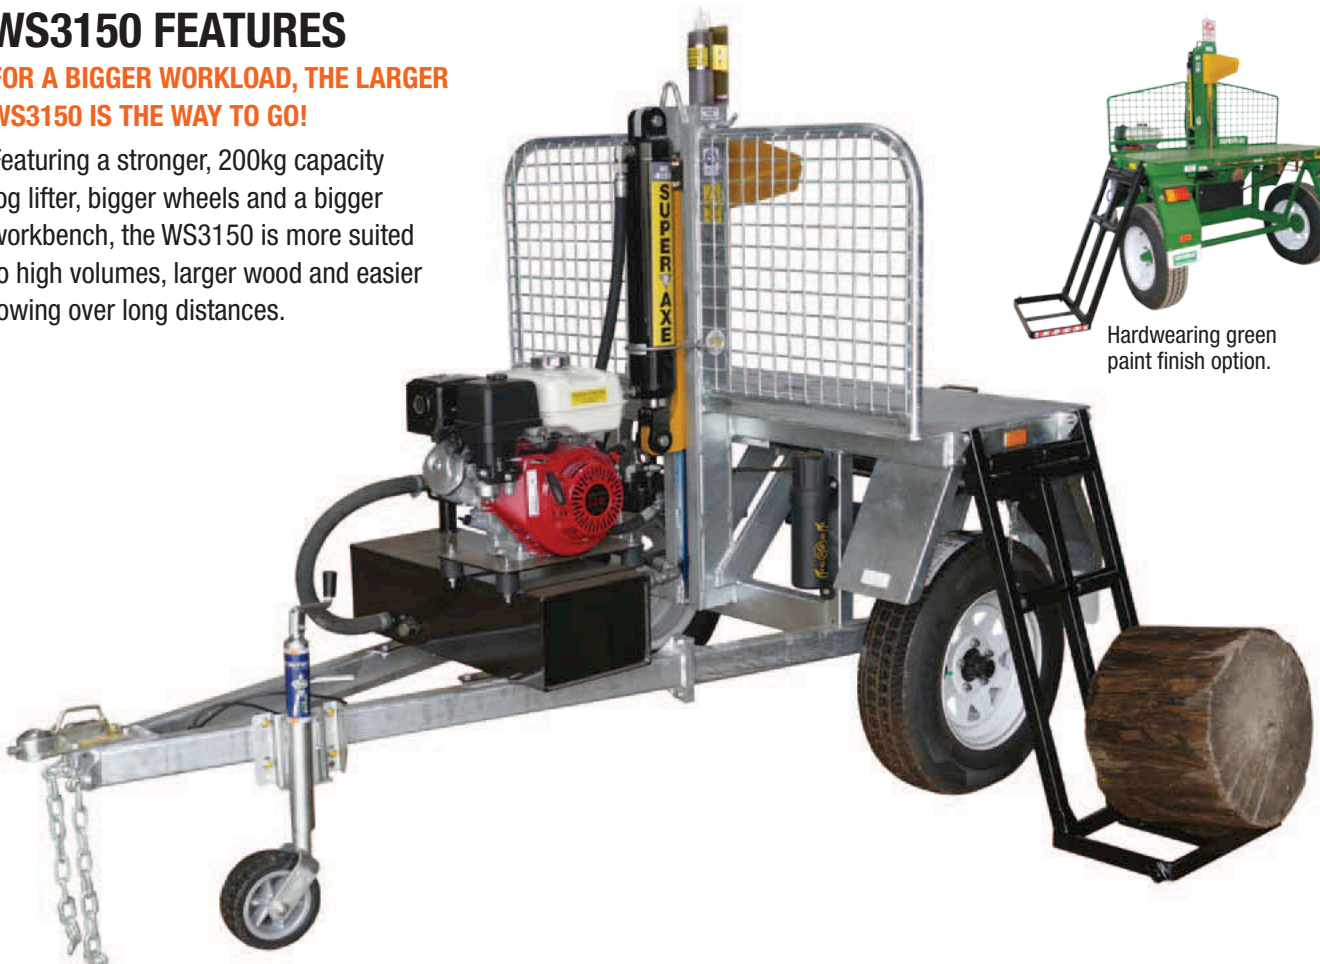

WS3150 FEATURES

FOR A BIGGER WORKLOAD, THE LARGER WS3150 IS THE WAY TO GO!

Featuring a stronger, 200kg capacity log lifter, bigger wheels and a bigger workbench, the WS3150 is more suited to high volumes, larger wood and easier towing over long distances.

Hardwearing green paint finish option.

WS4150 FEATURES

FAST & POWERFUL FOR MAXIMUM PRODUCTIVITY

Available in green paint finish only. The WS4150 is the most powerful Superaxe in the range with extra features built in to ensure large volumes of firewood can be split with ease.

These features include an 18hp Vanguard engine, 200kg capacity hydraulic block lifter, larger bench area, offset splitting head, longer blade, in bench rollers for easy block manoeuvring.

Australian model shown here, all NZ models are fitted standard with the guarding system shown on other models. Elevator is an optional add on.

ALSO AVAILABLE

INFEED & OUTFEED HOPPERS

Powered by the hydraulics on the splitter. Save double handling and boost productivity with infeed and outfeed hoppers. Only available in paint finish.

ELEVATORS

Easily stockpile or load with our range of elevators. Fold up elevators can be ordered with or retrofitted to WS3150 and WS4150 models, they cannot be galvanised but silver paint options are available. Free standing range also available.
